Cable High Speed HDMI with Ethernet A-A straight/angled 2 m

Description

This high quality High Speed HDMI with Ethernet cable by Delock complies with the latest HDMI standard and combines fast data transfer as well as audio-/video- and Ethernet connection. The one-sided angled HDMI connector enables you to reach also a HDMI port which is difficult to access when connecting e.g. your PC or DVD/Blu-ray drive to a monitor or TV. The HDMI-A interface is downwards compatible to its forerunners and enables you to use your existing devices. It convinces with its classy metal housing and gold-plated connector as well as with its net shielding and twisted-pair cabling.
